### To Whom It May Concern:

Re:    **Funding Request Number: 1603208**  
      **Form 471 Application: 578414**  
      **Billed Entity Number: 107378**

### CC Docket No. 02-6

Kings River Union Elementary School would like to request a review of the USAC decision that was made on January 16, 2008.

Kings River Union Elementary School District is a district in the country with about 500 students enrolled. Kevin Quinn was the Technology Coordinator at our school during the 2006-2007 school year. After consulting with the President, Steve Dillard, of Advanced Micro Systems, Mr. Quinn learned that once an authorized signer, signs the estimate that was given, it is used as a legal contract. Therefore, he assumed that having the superintendent sign the estimates that were submitted by Advanced Micro Systems would be a legal contract.

Kings River Union Elementary School District has worked with Advanced Micro Systems for the past 6 years and they have maintained our basic maintenance. This is the first year that Kings River Union Elementary School District has not been funded for E-Rate for the Basic Maintenance.

A letter was written to Mr. Steve Dillard on January 30, 2007 stating that his company had won the bid for Basic Maintenance for the 2007-2008 school year.

We feel the denied decision that was made should be reviewed. We have provided documentation that includes the signed estimates used as contracts, as well as the letter of acceptance. Please review these documents, as funding is very important to our district.

If there are any additional questions or documents that will assist in this review, please feel free to contact our new Technology Coordinator, Janet Bellin, at 559-897-7209 x113 or email her at [jbellen@kings-river.k12.ca.us](mailto:jbellen@kings-river.k12.ca.us).

Thank you very much for your time and review.

Please feel free to contact me with any additional questions.

Thank you

Mr. Steve Dillard,

I am pleased to inform you that Kings River Union Elementary School District has accepted your bid for Basic Maintenance for the 2007 – 2008 school year (Year 10). As explained in your estimate (70187), we accept the Internal Connections Maintenance and Technical Support as stated.

There will be 416 hours at an hourly rate of \$89.40 and the amount will not exceed \$37,190.40. Any dollar amount billed over \$37,190.40 will not be paid.

Thank you for time and we look forward to continue working with you. If you have any questions, feel free to contact me at 559-897-7209 x103.

Sincerely

Edwin Snell, Superintendent  
Kings River Union Elementary School District
